

**HEALTH
INFORMATION**

GANJAM BLOCK

Brief about your Block & Hospital:

The Community Health Centre, Khandadeuli was established in the year of 09.11.66 and it is very nearer to DHH i.e. 50 km away. This is a 6 bedded (Indoor) CHC with OT and labour room facilities having MOI/C, O & G Specialist & an Asst. Surgeon. Under this establishment there is four PHC (N) s such as PHC (N) Ganjam, PHC (N) Rambha and PHC (N) Humma PHC (N)UDS Pur. This CHC consists of Fifteen Sub-Centers having five Sectors.

The Geographical area of the block is 225.326 Sq Miles having 86 revenue villages and 38 Hamlets consisting of 1,29,341 population as per the survey by health staffs. It is bounded by CHC Khandadeuli in east, PHC Humma in west, PHC UDS Pur in south and PHC Rambha in north.

The transportation facility is very good for the CHC i.e. by Bus, Mahindra, tracker, Auto etc. But it is very difficult to reach some of areas under this block because these are situated in remote areas, with not even proper roads connecting to the Block headquarters or between the villages.

	Description	Ganjam District	Your Block Data
1	Area Sq. Km		55.14 Sq.kms
2	Actual Population		1,29,341
3	SC Population		21,295
